

Operating a Ford/Lincoln/Mercury compatible Digital Media Player

1. Setting the audio mode

Put the head unit into CD changer mode by pressing the CD button (you may have to push the button twice).

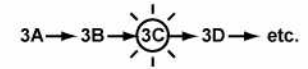

2. Using the SSA/Voice Interface - For stereos with CD changers using the TUNE toggle button.

A. The TUNE toggle button cycles through 5 **Modes**:

Playlist (2) Album (3) Artist (4) Genre (5) and Features (6).

B. Use the SEEK toggle buttons to advance through the **Selections** within the chosen **Mode**.

C. After 5 seconds of song play the PhatBox will automatically toggle into track browsing mode. You can then use the SEEK toggle button to advance through the **Tracks** within your **Selection**.

2. (alt.) Using the SSA/Voice Interface - For stereos with CD changers using 6 DISC buttons.

The PhatBox uses the 6 DISC buttons as "mode" buttons.

- Button 1 activates track browsing
- Buttons 2 through 5 are Browse Modes
- Button 6 lists features

B. To find the next **Selection** in a **Mode** use the SEEK toggle button.

C. Push the Track button (the DISC 1 button) and then use the SEEK toggle button to advance through the **Tracks** within your **Selection**.

D. After 5 seconds of song play the PhatBox will automatically toggle into track browsing mode. You can then use the SEEK toggle button to advance through the **Tracks** within your **Selection**.
